"Enthralling, and intriguing, this screenplay is a gem"

-Triggerstreet.com

"Enjoyed every second. Great dialogue, well-paced, very funny... Eddie's the down-and-out anti-hero we've come to love in British films, beginning with CLOCKWORK ORANGE. Tortured, betrayed, hounded by enemies from all sides, he flashes and fumbles through a story that needs... to become a cult classic"

-Triggerstreet.com

"Sillwood Films is launching a micro-budget Enterprise Investment Scheme to finance its urban thriller Saxon ... The film's lead is played by Sean Harris, who played Joy Division's Ian Curtis in 24-Hour Party People and murderer Ian Brady in a Granada docudrama about the infamous 1960s Moors Murders."

-ScreenFinance

"a new British film that should be the next *Trainspotting*"

-ANGEL magazine

"almost every scene had at least one good line and/or bright idea - one of many reasons that I kept watching and was genuinely intrigued to see what would happen next... definite cult potential"

-Michael Brooke, Screenonline/Sight&Sound

### LOG LINE

Ex-con Fast Eddie returns to the corrupt housing estate where he grew up, to investigate the disappearance of a quiz champion.

### SYNOPSIS

SAXON is a 92-minute drama that lives in the same funny-dark alley as *Dead Man's Shoes*, *Junk Mail* and *Blue Velvet*. The story runs along classic lines: a reformed bad man is compelled to undertake a desperate mission which unleashes the demons of his past. On a journey through revenge, hope and horror, the narrative unfolds at the gripping pace of a good thriller.

**\*WARNING: This film contains some violence, strong language and inexpressive twins.**

### SEAN HARRIS is EDDIE

In his FIRST EVER FEATURE LEAD ROLE, Sean Harris gives the performance of his life. He memorably played Joy Division's Ian Curtis in **24-HOUR PARTY PEOPLE**. He co-starred in **ASYLUM** (with Ian McKellen and Natasha Richardson), **BROTHERS OF THE HEAD** and **OUTLAW**. Sean plays Moors murderer Ian Brady in the **BAFTA-winner SEE NO EVIL** (Best TV Drama). In SAXON he is EDDIE: a Londoner, a broken cowboy, a haunted anti-hero, an Oedipal Clint.

### HENRY KELLY is NICKO

In a cameo role as the quiz show host NICKO, Henry Kelly is familiar as the real-life quiz show host of **GOING FOR GOLD**. The voice of Classic FM and the ironic face of Asahi's 'dry' celebrity ad campaign, this is Henry's first feature film role.
